Advertisement Optimization

I used to own a dropshipping webshop and in the process I learned how to optimize my advertisements. Some of my advertisements got over 1000 clicks.

How will I optimize:

- I will/can photoshop your photo's and make sure you will get the most out of your ad
- I will post on the best post time. (This also counts for Story)
- I will give you tips that you can use for future advertisements

Advertising Optimization comes with purchases over €100.

Services

- Story
- Post (24hr & Permanent)

- Webshop linked with one account (only available for @Gcy)
- Mention in bio
- Mention in caption

Prices
