Thread: [Greyhat money making method. 4 spots available. only pay after you see it works.](#)

EroticAudio - August 18, 2018, 9:11 am

Hello everyone. Like the title says, grey hat money making method. I used this for a while before I decided to start doing something more ethical. You can make a ton. All depends on how much time you put into it.

You're gonna need \$50 up front worth of bitcoin.

This method is unique to me. I taught myself. In my first 3 days of ever doing this I made \$300 so you can imagine how much you can make once you know what you are doing and how it works.

I know that my account has no rep or many posts or anything like that so I have no expectation to be trusted yet.

I am going to allow 4 people who do have trusted account in good standing to "Register" for the method. then I will teach all of them at the same time and helping them individually.

once you get set up and make your first profit. (within a few hours) you will be required to pay me in full.

Price: \$200 BTC ONLY

If you are interested, please PM me with your skype (ONLY SKYPE) I will add you.

If you have questions, please ask them here on this thread.

This works. The risks of getting in trouble are literally none if you follow the directions I give you.

before beginning, proof of funds will be required.

Take care,

FS

If you're looking for an in-depth review for your product - I'd be willing to do a vouch copy. Also can provide a screenshot of funds available.

Let me know and I'll PM my Skype.

Thanks for the interest. Seeing as I don't require any payment until you are making money, I don't really see the point of a vouch copy. However, if you are really interested in learning, I can do 1

discounted place at \$150

Thanks for the interest and let me know if this is something you would like.

How can we trust you , you're a new member with no rep.
That's the point of a VC.

The idea is that I would teach all everyone at the same time. Nobody pays until they see that is works, hence I don't think a vouch copy does me any good.

Im not being paid that \$50 its for part of the investment. Someone already took the \$150 discounted copy. They have already started earning. I expect a review soon.

I am testing this method currently, so I would recommend everyone to be patient. I will write a review in a day or two and let you know how it goes
