Thread: [Reverse Engineer a app for \\$\\$](#)

ChessKid - August 19, 2018, 12:46 am

I want to reverse engineer an app and get all in app purchases, I have tried lucky patcher it gets patched and I can buy stuff in the app but it doesn't get downloaded. If you can do it leave me a message here or at mail address kidchesskid@gmail.com . Please mention ur rates in the mail or message. I will only pay keeping a moderator in middle!

Name of the app is:- Forward Chess
