Thread: [Bytes Slots - Stats](#)

Xerotic - August 21, 2018, 11:43 am

We just added a stats page for the new [Bytes Slots Machine](#).

The link will be on the main Slots page or you can find it here:

<https://hackforums.net/slots.php?action=stats>

We provide overall stats for the forum in the top box and your own individual stats in the bottom one.

Most of the stats are pretty self-explanatory. The only one that might not be is "Slot Users". That is simply the number of members that have used the Slot Machine.

Enjoy!

Neat. :) Again, thanks for all the constant updates to the site Xerotic. Looking forward to Blackjack.

Biggy - August 21, 2018, 11:47 am

Good thing it doesn't show biggest loser, I'd be there. :)

Pyro - August 21, 2018, 11:49 am

Thanks, looking good, now i have something to spend bytes on ?

Omniscient - August 21, 2018, 11:53 am

btw, those with beta Knot accounts can test the Blackjack.

Bringing Blackjack into this would be awesome. Looking forward to it.

What's KnotBB? I was probably away from Hack Forums when this was mentioned.

It's the site where new HF plugins/features are developed, before being implemented on HF itself.

The new theme is being developed there as well.

KnotBB is a dev site for Omni and crew to test features on before incorporating it on HF.

It is our development site. All new features are created there and then moved to HF.

Oh that's neat. When were registrations available? ;-;

iNviZ - August 21, 2018, 1:25 pm

Bad ass bro, stats always make everything worth doing.

Punisher - August 21, 2018, 7:31 pm

Pretty cool to see these stats, nice work!

That's a lot of spins, and nearly a million bytes won already?

I tried to sign up back in April when I was testing MyBB bugs, but the registration page was broken. I'd be awesome if r00t users automatically get an account on KnotBB to test new features before they're released on HF. :D

Lavish Living - August 21, 2018, 7:47 pm

Dang too bad there isn't a like top 10 all time winners and losers list hahah that'd be cool

Neodraxis - August 21, 2018, 8:20 pm

Would be interesting to have the ability to see specific user statistics.

Think about that for the future.

Ya'll got a problem!

I have 1.4k of those spins lmao

Givenchy - August 22, 2018, 1:51 am

Lol I've only won 1300 bytes in total. Is it possible to see how much we spend to the slots machine?

Is there plans or will there ever be plans to maybe incorporate roulette?

Maybe not picking exact numbers between 1-36, but maybe a red - green (0) - black option?

Love this idea of blackjack!

It tells you at the bottom of the stats page how many spins you've made, how many bytes you've gambled and how many you've one mate.

I can only see:

All-time spins

All-time winnings

May I suggest just two things:

1. Add a link or button from the slots.php page to view the stats
2. Add the amount the top 24/overall winner has won. Eg: <https://prnt.sc/klofv6>

Are these stats cached or does it have to recount all of this data each time you load the page?

1. There is already a link on the slots page to reach the stats.
2. We chose not to include the top winners' Byte winnings because it is a slight invasion of privacy.

The stats are calculated every time you visit the page. Some are already stored in the database (such as your total number of spins) but most are a calculation of some sort.

Originalkillit - August 22, 2018, 8:20 am

Great work

But I want to know where its added??means where to search this

Since to gamble with slot machine I should come to RANF and search for omni thread and for stats this thread

Crust - August 22, 2018, 8:42 am

Wow you keep coming out with updates after updates, thanks for your continued hard work and dedication to this forum!

luke - August 23, 2018, 10:52 am

Small suggestion. As well as "All-time Top Winner", "All-time Top Wagered" and "All-time Top Winnings" would be cool to see.
