Thread: [Steins Gate](#)

EvilLaplace - August 21, 2018, 5:32 pm

there i go presenting the review of probably the best science fiction series world of anime has to offer . They say you can't improve on perfection, yet Steins;Gate 0 does just that. Taking what made the original story so great by awesome characters and a much darker theme makes Steins;Gate 0 the perfect continuation to a story.

I love how Steins;Gate 0 embraces the Beta timeline ?

AWOLFCW - August 21, 2018, 9:13 pm

I've never watched that one is it any good?

What are your favorite animes?

ruka urushibahara - August 21, 2018, 10:10 pm

Good Psychological genre with few action genre.

Sorun - August 22, 2018, 9:21 pm

Think I dropped it at ep 11, it felt kind of boring compared to the original series. Going to finish it eventually of course.

ankitkhosya - August 23, 2018, 2:53 am

I deadlifted 150 kg without belt today and after that, dropped a huge turd in toilet bowl which made a splash sound so loud that my seeping roommate woke up.

Now here's you best scifi, Go watch more stuff before rating something best you annoying noob.

.

.

.i am just in a bad mood

and that does not fucking justify this reply but i could not give a fuck about your feelings.
