Don't want to annoy anyone but my brother is live again! Come on over and check him out and request a song or two :D Dont have to of course but you're all more than welcome to come hang out!

Playing for guitar for over 20 years and recently started singing.

He'll even take live learn requests for your favourite songs <3

That beast played trough the fire and the flames.

tipped 6USD. just had to.

Never thought a stream advertised on HF would be this great.

You should make a last.fm for historical playlists so we can go back and see what was played in the past.
