Thread: [Lime Miner v0.2 - Hidden Miner - Source](#)

NYANxCAT - August 27, 2018, 11:17 am

I will support HF designers, PM so you can make a design for my next projects.

Old Thread

Spoiler [\(Click to View\)](#)

Limer miner v0.1

So many members want a free XMR miner, and since I was passive in the last few weeks, I created this simple miner as an example "how to create your own dropper" so you can have an idea and do it by yourself.

So since this is a free project I didn't use anything new, loader and DLL and miner are already on Github.

This is a silent miner using [Lime-Loader](#) as a loader for [xmrig CPU miner](#) (very stable).
The loader will PC status, If the user is idle, the miner will use 90% of CPU usage;
If the user is active again the miner will lower to 50%

Main PointsSource code - Very noobies friendly, So you can make it FUD, learn from it and make it more advanced

Donation - Reduce donation from 5 to 0

Codedom - No need for an external library to compile

obfuscation - using .NET reactor obfuscation

No Drop - Hide payload behind a legit process [Regasm.exe]

Startup - persistence when user login

Download

<https://github.com/NYAN-x-CAT/Lime-Miner/releases>

Note

[#] Didn't test it that long, just for few minutes, I didn't have any beta testers. So PM for bugs.

Scan

ImSimplyNameless - August 27, 2018, 6:43 pm

Damn man you're always bringing us the good stuff, keep it up!

Nick (Name) - August 27, 2018, 9:47 pm

I think this should be posted in the [Hacking Tools and Programs](#) section, it has nothing to do with remote administration.

lovecats - August 27, 2018, 9:52 pm

Does it work on 32 bit windows? Because I have tried various botnet miners but none of them work so i just gave him this mining thing.

narcicist - August 27, 2018, 11:55 pm

finally! thank you so much for this gonna test it rn :)) btw please PM me, I need to contact you

Cød3ing - August 27, 2018, 11:58 pm

(Aug 27, 2018 09:52 PM)lovecats Wrote: [\[CITE\]](#) Does it work on 32 bit windows?

No, this one only works on 8 bit, commodore 64 machines.

Callmenothing - August 28, 2018, 2:01 am

Very interesting release. Do you plan on adding GPU support?

Jdutchman121 - August 28, 2018, 7:23 am

just need to know if miner is based on xmrig

or it just downloads the xmrig miner and mine silently? if it download won't it get detected

Xtr4sh - August 28, 2018, 9:08 am

thanks for sharing , nice for the community :)

Jdutchman121 - August 28, 2018, 10:21 am

i confirm this is not a downloader :D

4/30 detects :

antiscan /scan/result?id=17d3b01f6914a870ce30baa32a070cc4

bypassed avast at runtime

prnt sc /knx24t

opsplayer - August 28, 2018, 10:48 am

Posting to try later thanks OP ! Very straightforward.

NYANxCAT - August 29, 2018, 7:30 am

I will support HF designers, PM so you can make a thread design, headers, icons for my next projects.

Dreasper - August 29, 2018, 11:40 pm

Posting so i can test this out later, Thanks for the post OP

asmy - August 30, 2018, 5:16 am

you # 1 here man

thanks for sharing

Ancient Rat © - August 30, 2018, 9:16 am

Thank you for the release was fun reading a clean code and got it FUD.

Iztaka - August 30, 2018, 10:26 am

Looks nice, i would test it with happyness

narcicist - August 30, 2018, 10:32 am

bump this great free miner!

Katyuska - August 30, 2018, 11:33 am

I just downloaded this, thanks alot! You have such good content.

kor1 - September 3, 2018, 5:47 am

guys!!! The most important question. How to change cpu usage value. I want to set 20%. Thanx

FluxCoder - September 3, 2018, 5:51 am

This actually looks pretty decent, does anyone have any stats from this, as in how much it could pull in from let's say 10 bots?

kor1 - September 3, 2018, 6:25 am

(Sep 3, 2018 05:51 AM)FluxCoder Wrote: [\[CITE\]](#) This actually looks pretty decent, does anyone have any stats from this, as in how much it could pull in from let's say 10 bots?

I have 12 bots in my rat and i sent that miner to them. That works perfectly, BUT TOO much. Bots complains that CPU is burning out. I need to reduce CPU value to 15-20% at least.

Packsss - September 3, 2018, 1:12 pm

Just popped her in thakns brother

fedcapitals - September 7, 2018, 12:56 pm

do you have bitcoin miner

trololol95 - September 8, 2018, 1:24 am

Have anybody already need to debug ?

I have downloaded the miner. Really nice work. If I made some money you need to sent your XMR wallet. You really need to get a present if this works.

I have create a stub. Which name should I search in my task manager if my stub is running. I am currently testing the stub.

After that I will encrypt it so it bypass AV

CharWar - September 11, 2018, 7:15 am

This actually sounds stupid but do you need much memory for this? Or would 3GB be enough ;-;?

Skyrim Modding - September 21, 2018, 8:53 am

Hello how do I adjust the donation levels and xmr miner settings from the source code your provided? THanks

NYANxCAT - September 26, 2018, 6:53 am

Because many members are asking for this.

LordDragon - September 26, 2018, 8:51 am

Posting here to come back later

Dances With Cats - September 26, 2018, 2:43 pm

Vouch for anything Nyan does. His downloader is amazing.

kasy - October 3, 2018, 9:33 am

Thanks bro let go exploit

TheBrokenWasp - October 3, 2018, 1:17 pm

guys, I'm pretty sure that he's not planning on updating this himself...

<https://gyazo.com/ef658d8e2c169048082310e8d736b246>

ImSimplyNameless - October 3, 2018, 3:39 pm

so it has a virus innit?

Jdutchman121 - October 9, 2018, 9:04 pm

(Oct 9, 2018 01:08 PM)TonyLuprano Wrote: [\[CITE\]](#) so it has a virus innit?

it is a miner it is supposed to be detected by av

it is opensource tho feel free to check source

YoungMoloch - October 10, 2018, 12:18 am

Good job, I very like what you do on your github ;)

NYANxCAT - October 19, 2018, 6:59 pm

Updated to the latest Monero algorithm

Fixed compatibility for .NET 4.0

quijotespqr - October 24, 2018, 1:02 pm

I was using this amazing tool for about a week for a some test and work perfectly but since two days i tried everything and cant make it work. Can somebody give a hand? i can pay a few bucks you if we make it work properly.

Copperx - October 24, 2018, 7:33 pm

Work with latest monero fork?

d33d - October 26, 2018, 6:24 am

wow thank you :) Will this work on deepfreeze pc?

BadShop - October 26, 2018, 7:03 am

thank you

you have great tools on your github account!

Keep up the good work

Chill928 - October 26, 2018, 12:11 pm

That would be cool if it had an option to run on android

Zan0n - November 3, 2018, 3:21 am

this is HQ share..thanks alot nyan cat..idol!

Andrew2k18 - November 3, 2018, 7:50 pm

Looks pretty solid. Thanks for making these tools free!

Achilles29 - November 4, 2018, 5:40 pm

great thank you.

field report: detected in eset

btw, it will be greater if you add like remote and monitoring at this miner sir.

mafiaidolz - November 6, 2018, 7:44 pm

bro u from q8 ?

can u help me over skype ? :3

if yes , pm me ur skype please <3 <3

Vexixi - November 7, 2018, 4:18 am

does it bypass some major Firewalls like Kaspersky, eset etc...? (av's internet security versions) I highly doubt so

Exodus - November 7, 2018, 4:32 am

(Nov 7, 2018 05:18 AM)Vexixi Wrote: [\[CITE\]](#) does it bypass some major Firewalls like Kaspersky, eset etc...? (av's internet security versions) I highly doubt so

Depends on what ip/dns you set it up to.

AccessVerified - November 12, 2018, 2:05 pm

Thanks for sharing with the community

Audek - November 13, 2018, 8:21 am

very good share..works like charm

thanks!

lucutor - November 15, 2018, 7:57 pm

amazing content from an amazing user!

monerohack - November 17, 2018, 2:40 am

Guys does this work currently after the last monero update?

Vazum - November 30, 2018, 12:51 am

I saw some updates on github? Does you make it compatible with the latest xmrigh v2.8.x and monero fork v8?

NYANxCAT - November 30, 2018, 12:54 am

(Nov 30, 2018 01:51 AM)Vazum Wrote: [\[CITE\]](#) I saw some updates on github? Does you make it compatible with the latest xmrigh v2.8.x and monero fork v8?

Yes, it is compatible.

anarki - December 4, 2018, 7:42 am

Nice post. I will check this out in detail later.

Quibble - *December 4, 2018, 1:24 pm*

wow this is a great release thanks man i appreciate it a lot this is actually really helpful

kevin hong - *July 12, 2019, 5:32 am*

thank you for the share, it was very nice to share with the community

KingCoin - *July 29, 2019, 6:52 am*

any pool recommendation ?

cause nanopool dont works

BrainDD-00 - *August 2, 2019, 2:17 pm*

bro, please add the option to how much CPU it can use, 50% 30% 20% ...

Metamoes - *August 4, 2019, 11:30 am*

Hey thanks man another one for HF to enjoy

Cisco666 - *September 15, 2019, 10:55 pm*

Thank You Very Much :))))))))))))))
