Thread: [Account Spoofing Question RGH](#)

Ninja - August 27, 2018, 1:37 pm

What's the best account spoofer to use on an RGH? I need a good strong one that can spoof tags and XUID. If you have experience with this then please hit me up. It can be a paid program.

Probably the best bet would be Project XDK immense bought it from sockstress so you can find immense on the XBL rebellion discord.

Yeah I've heard people say XDK was the best one but I wanted more opinions. Thanks.

You don't know shit about an RGH or even hacking/modding in general. You thought the email method was done with a dev kit because Marvelous was basically baby sitting you "Rookie". I don't know too much about it neither but I can assure you that you have absolutely no knowledge of what a KV even is.

Wow you're actually on a real account this time also being a puppet to the other clown. You guys can keep coming to all my threads. I enjoy it.

You really like the taste of my dick that much don't you. Quit hinting shit and say names pussy I' am tired of little bitches like you that think you're cool and know shit but actually don't. You're a 23-year-old with the mind of a 10-year-old and act like you're 5. You say "rookies" like you know shit but Hostility and PC taught you everything you know and yet you still don't know what they taught you. You're a brain-dead retard with the speech impediment to match it. Mr. I Called remix broke for scamming but scammed Hurt for 1,200\$ and a Gamertag. Your life must be so pathetic to keep thinking of me I know you wanna be me but sorry buddy you just can't be me. Now go stand around and watch people board planes and actually do something with their life's and keep my name and

dick out that nasty mouth fucking retard.

p.s Say you don't wanna read it but I know you will and you'll come back with some stupid ass excuse. If you wanna speak invite me to a party bitch, me and you so you can't have friends speak for you.

I'm not a poser and neither is he. Who am I posing off of? Some SvR kid? Or an HF member? Let me know.

But you did read his essay. You seem triggered so I know you read most if not all. And you're actually starting to use proper grammar but yet you start a new sentence with a lowercase letter. You most likely dropped out after 6th grade. It really shows with how educated you seem. And you say "Done replying" but I know you will be back on my thread. And by the way, you just wrote an essay as well. ?

why are you even talking to nuke dude? shits embarrassing being seen with a guy that

1. lives off his parents at 23 years old
2. saves all his money for months after he lost heart to buy a fucking gamertag.
3. dick rides another man on xbox (and even spent the night with another dude one time) at 23 years old

that's why im done with him every time I get seen with him it makes me look like the loser he is. everything AE said about you nuke was 100% true and you know it.
