Thread: [What's with these reps?](#)

Proposed - August 29, 2018, 10:15 pm

I remember back in the day when reputation was meaningful, now I get random +3s saying high quality member. It seems people are just exchanging rep and I think it's honestly idiotic. Since Rep has changed it's not meaningful at all so I don't understand the need to essentially farm rep.

Am I missing something others know?

Xerotic - August 29, 2018, 10:16 pm

Rep was always meaningless. It is just a fun number on your profile.

If that's the case I don't want my rep to pass 69 in the future. Negative or positive.

This. I generally always agreed with..

You could neg them back with "Gucci Gucci gang", maybe they'll remove it. Sorry for any inconvenience this has caused you. Those damn r4r-ers. It's criminal...

I think social media has gotten into there head to much. To many likes for likes and follows for follow.

It becomes all but a game sometimes.

TrippieRed - August 29, 2018, 10:34 pm

I wouldn't know I wasn't here back in the OG days.

SIM-974023 - August 29, 2018, 10:34 pm

I agree. I prefer the old reputation system, not too sure why it changed but I'm sure there's good reason.

I was trying to think of something to watch, didn't think of Black Mirror. Thanks for that sentiment. Looked at your rep and laughed, it's grown since this thread. They're just sharing the love. Maybe they felt bad you didn't have any rep since the reset. ?

SIM-974023 - August 29, 2018, 10:35 pm

And I don't agree that rep is meaningless, that's a terrible statement.

Well the whole contracts system now and of course invalid scammer reputation work that came with it. Im guessing..

SIM-974023 - August 29, 2018, 10:37 pm

Haven't properly looked into that system yet, seems like a good addition though.

I believe it was changed partially because people with high rep/post count were way more trusted in the market when many of their reps weren't even market related.

Now with the market system rep is useless, it was just left around because who knows... nostalgia?

Toasties - August 30, 2018, 12:04 am

You can only give predefined reputation comment now.

This makes more sense, now it doesn't seem so weird now. Thank you.

Traum - August 30, 2018, 8:45 am

I understand you man, especially in the member contest and freebies section it's so apparent. You can't enter any contest without repping people. It had to be earned before, now it's just "I lick your ass, you lick mine". It has become meaningless.

Armada - August 30, 2018, 8:45 am

Your welcome.... lol ?

Store - August 30, 2018, 8:46 am

You're right. Fuck these dumb fucks giving you free rep. I've evened the score and gave you a neg

Voxi - August 30, 2018, 9:34 am

I prefer the old rep system, I'd like it if they went back to it but kept the new market rep.
