(Sep 15, 2018 03:44 AM)s1nister Wrote: [\[CITE\]](#) Just a word "Amazing" let me say you that I was very much skeptic about the fact that someone can provide such deep insights on e-whoring for free. But man the e-book just blew me away, he has written easy to learn methods which are sometimes not covered in premium books. Thanks a lot for the book bro ? (Aug 31, 2018 09:29 AM)??????? Wrote: [\[CITE\]](#) Nice starter ebook! Better setup than most of the paid ebooks ive seen!

Wish you the best O.P.

Looks high quality. (Even when you are new!) (Sep 5, 2018 04:40 AM)djuz91 Wrote: [\[CITE\]](#) Hi after recieving and reading the ebook here are my thoughts! I would like to point out that i'm not beginner but an returnee!

1. It's simple and to the point,there is no 10000 unecissary words,sentences,pages.
2. Great for beginners,and i would strongly recomend it to everyone who just recently started ewhoring.
3. There are also some tips useful for advanced users.
4. Provided nice amount of useful files/pages.

If you ask me,this is a great work from the creator so an big UP! Well done!

Hi after recieving and reading the ebook here are my thoughts!

I would like to point out that i'm not beginner but an returnee!

1. It's simple and to the point,there is no 10000 unecissary words,sentences,pages.
2. Great for beginners,and i would strongly recomend it to everyone who just recently started ewhoring.
3. There are also some tips useful for advanced users.
4. Provided nice amount of useful files/pages.

If you ask me,this is a great work from the creator so an big UP!
Well done!

Just a word "Amazing"

let me say you that I was very much skeptic about the fact that someone can provide such deep insights on e-whoring for free.

But man the e-book just blew me away, he has written easy to learn methods which are sometimes not covered in premium books.

Thanks a lot for the book bro ?

takagi-san - October 2, 2018, 10:53 pm

Hey John Doe! As promised, here's my review on the free E-Book.

As a beginner to the E-whoring world, I knew only very little regarding the topic. The E-book has helped me learn more into the topic and it was written in very good and understandable English, so no worries for non-native English speakers...

The E-book itself will teach you from the bottom up, from what is E-whoring, to how you could be an E-whore yourself, the E-book will also guide you to the required apps for E-whoring.

Although the E-book is not very deep into the matter (it's free anyway, and for a free item this is very good indeed) the E-book will surely teach you the basics of E-whoring, this is a must have material for beginners in E-whoring.

Understanding: 9/10

Content: 8/10

Bonuses: 10/10

Thanks to John Doe for the free version of this E-book, will definitely buy the premium version once I earn some money!

squid is seeking for you - October 27, 2018, 12:47 pm

I just have read method and I must say that this method is much better than most methods I have bought here for ewhoring... This is perfect ebook if you wanna start ewhoring since it has everything you need to know and much more that you would learn while ewhoring, here you got all even there are some tips for advanced people.. I must say I am glad there are still people leaking something that is much better than paid shit and its fucking free... I must say even I ewhore for 3,4 years not sure exactly that I learned something new from this ebook. Might even buy pro version if I get some spare cash from ewhoring since need a lot now. This is honest review and again thanks for giving this for free!
