i can exchange a couple hundred at 15% if you're interested just lmk

SteezyHB - September 6, 2018, 6:18 am

Another huge vouch for zmrkid, just completed another contract and this is a very solid exchanger. Where most other exchangers seem to send a few dollars short (less than 5), OP sends the amount exactly like agreed. If I have more funds in the future I'll be sure to exchange them here.
