Thread: [I see 6 stars instead of 5.](#)

V For Vendetta. - September 2, 2018, 1:06 pm

The slight beginning of the 6th star is visible on all threads to me. I hard refreshed the CSS Page and cleared my cache, but I still see it.

What's your browser? Are you viewing 100% zoom? What's your screen resolution?

Frankey - September 2, 2018, 1:16 pm

I have the same problem while using Chrome, 110% zoom.

1920x1080.

100% zoom is fine though, so it is not that big of a deal ;)

Another edit: Also happens at 90%, 80% 67%, 33%. Not at 70% strangely... :o

I'm running Chrome on Windows 10. 110% zoom, 1366x768 resolution.

I am seeing this on 100% as well. Weird glitch

Also when trying to give 4 stars <https://i.imgur.com/PaaPUI6.png>

Likely you guys have bad CSS files. Or actually maybe bad star images in your cache.

I have, I still see it

int - September 3, 2018, 8:55 am

im at 1920x1080

if you go to a zoom below 100%, it starts to glitch a bit (75% is normal for some reason)
its really minor for me though

Oh my god hahaha!

I was literally thinking of that when I saw the title, thank you ?

jobhip - *September 3, 2018, 9:33 am*

Just to note at 110% zoom on chrome this still happens.

WageWolf - *September 3, 2018, 9:44 am*

Same issue. Latest Chrome, 100% zoom, 1920x1080.

Pulz - *September 3, 2018, 11:16 am*

For what it's worth, I can't replicate the issue on my Chrome, Brave or Opera. (Could possibly related to resolution, though? I'm using a 1920x1080 monitor right now)

Phil - *September 3, 2018, 11:54 am*

I'm using a 1440x900 display at the moment, 100% zoom and it seems to occur for me aswell. I cleared my cache and everything but it still stays the same.

Sickness - *September 3, 2018, 12:02 pm*

Yeah I did replicate it too, I can see it with 110% zoom only.
