I was browsing the market section , saw some members selling OG accounts and i want to know what exactly is "BIN".

Thank you

It's the price they will sell it instantly for. So if you offer that, it is sold.

Buy it now (I think?)

a BIN means one Binary file. one BIN is sold for.. 20 euros. That costs you 20 PayPal.. Don't hesitate to buy more.

He means in a market sense. BIN is an abbreviation for Buy It Now.

Other terms:

BIN is Northern England / Scotland speak for 'been'

As in: "Where ya bin?" meaning Where have you been?

BIN is also a term used for a receptacle for waste disposal

And with that I welcome you to HF
