I paid \$70 for a Server Password in Conan Exiles, and the member ?aptor, ask for 12h to get the job done, but until now, it's beem over 72h and nothing, he don't answers me since the payment, and he blocked me in discord.

I can't post the images or links because I'm a new member, so please allow me to post it for I can prove what I'm saying.

Report invalid since you didn't use a contract

1. use this format when making a Deal Dispute thread:

<https://hackforums.net/showthread.php?tid=5727474>

2. Off site deals are invalid-ish on hf.

3. If you didn't use contracts on hf when dealing then the DD is invalid.

Even if negotiation was originated in a PM sended by this user (?aptor) about a forum thread?

Yup. If you would of done a contract, and scammed you, he might of gotten banned.

I've already entered a dispute in PayPal, I just want to be able to prove what I m saying about this member ?aptor, as alert to the other users of the forum, especially newbies of good faith, because when I said I'd open a contract in the forum, he answered "You don't trust a 9 year old member?".

Is there anything I can do about it?

After more than 72 hours since the payment, the only thing I got from ?aptor, it's a negative reputation that's he gave me.

The broke boy is on an exit scam rampage, don't expect to get your money back.

Ømen Xiii - September 5, 2018, 2:34 pm

Woow, this is the second person I've seen today get scammed by him. Valid deal dispute or not 2 people in one day is fucked up.

Rich Brian - September 5, 2018, 3:30 pm

I think he took my money too, paid him \$60 for a shoutout a few days ago and he's been using excuses saying his snap account was banned or something. Not sure if that's actually true but yeah thought I'd point that out

TheForgotten - September 5, 2018, 3:31 pm

Damn this guy is taking advantage of people who aren't aware of contract system.
Sorry for your loss...

He scammed me \$400 mate, told me the exact same thing, lucky for him he didn't accept the contract and I dealt with him anyone. Seems it's a common thing for him to scam new members. Pathetic if you ask me.

This deal dispute is invalid as no contract link was added to the OP. In the future, use contracts when doing deals on HF.
