Thread: [Scammed by Minimalist uid=85928 & Vuzion uid=? 2600\\$ BTC \(8\)](#)

majesty - September 5, 2018, 2:52 pm

This is my second time to post the threat ! because the first one just removed with out any reason !?

who is scamming me here is he Superuser?!

AND HE SAID HE WILL BANNED ME?

Hi

Yesterday a user " Vuzion uid=? " contacting me about IG accounts. so we deal to 2500\$ with BTC.

I recommended Minmalist as a middle man service because he is a trusted one.

I got a PM from " Minimalist uid=85928 "about the deal and details.

So I transfer founds to the provided address.

the same user added me to discord and ask for more BTC. then he disappears and I can't find " Vuzion uid=? " user any more!

What an idiot, that's clearly a minimalist impostor, mini doesn't middleman on discord.

You goofed up bad, didn't even bother to PM confirm

VirtualFrost - September 5, 2018, 3:01 pm

he's just changing his username. You got the two UID's wrong way around as well, you're saying the actual profile of the scammer is the real minimalist.

You really need to learn how to do better safe trading practises online because you went into this way too fast without confirming ANYTHING.

You willingly traded with a profile without even looking to see if the profile was legitimate. You made the stupid choice of not looking into the profile before sending money and look where it got you. 2 minutes of looking would have saved you all this money, think about that.

That's not looking either, you can't just look at a registration date and vouches. Look at rep, look at B-market rating, look at threads, look at username changes, if you're dealing on Discord, get them to PM you BEFORE you send money to confirm you're actually talking to who you think you are.

Also `https://hackforums.net/member.php?action=profile&uid=1915596` isn't Vuzion, that is the real minimalist(You said this UID is Vuzion in your thread)

`https://hackforums.net/member.php?action=profile&uid=85928` THIS is your scammer Vuzion, look at the username changes. You only need to be reporting this user, NOT the real minimalist

gl0ss - September 5, 2018, 3:10 pm

Shiit sorry OP that scammer got you good. Probably the easiest \$2600 he ever made. ??? But you didn't even bother to read the rules if you made no contract, so nothing will be done. Also I suggest being more careful if you're dealing with that kind of money jfc. The real "minimalist" has way more posts+rep+rewards as far as I know. Well R I P to your money, let it be a lesson I guess.

What the fuck? OP, did you even try to gather any site knowledge at all before dealing with >\$2k on here? Ub3r is just an upgrade "basically" everyone could have back then. Being an Ub3r has nothing to do with trust, at all.

Also, you may or may not realize that a black username is not a "normal-colored" username. A black username means he's banned.

Next time, maybe research on who you're dealing with and at least try to get a little site knowledge. May help.

.Reef - September 5, 2018, 9:54 pm

Seem's like everyone is just calling OP retarded and not helping explain what happened since he still seems confused.

So OP. You messed up on 2 occasions. 1. You did not use the contract system. You should have read the [Help Docs](#) to better familiarize with the system.

So take a look at this screenshot

Look at minimalists post's and his awards. They do not match the person you dealt with.

Also look at this, he only has 12 username changes.

Now, here is the image you provided(the person you dealt with)

He has 24 username changes. Only 1 award, and 1/5th of the posts minimalist actually does.

So they are 2 different users.

What happened is someone changed their username to match minimalists username and changed his avatar to IMPERSONATE (copy/pretend to be) minimalist to scam you.

You dealt with a fake minimalist and he took your BTC, not the real minimalist.

Paying attention in the future would really help you notice the mistakes.

Sorry this happened to you.

PS. The user you dealt with, his username is now black because he either got banned or took a vacation ban because he scammed you.

majesty - September 5, 2018, 10:02 pm

LMAO OP you got fooled so hard. The imposter minimalist and Vuzion are the same person.

Here's the username history

The story went like this. Vuzion contacted you to sell his accounts, you agree to buy so many accounts for throwaway prices(1st red flag).

Vuzion changes his username to minimalist and PMs you(? ?), you think he's real minimalist and sends BTC. He runs away with your BTC.

That's a very expensive mistake. Do some simple research into who you are dealing with next time.
