Original yugioh was so good.

I could never find a good torrent for the complete series of Yugioh GX so never watched it all.
The gameboy advance game for yugioh gx was so good though!

Yuikoro - September 5, 2018, 3:42 pm

Not super into it even though i used to own a lot of cards.

Prettykitty - September 5, 2018, 3:42 pm

The new ones are terrible imo, anything after 5D's gave me cancer, and 5D's wasn't even that good itself. VRAINS is just a total shit show. Anything before 5D's though was pretty good imo, definitely worth watching if you watched the original back in the day.

Houtarou - September 9, 2018, 7:11 pm

I watched everything up through Yu-Gi-Oh! GX (best season imo). Anything after that doesn't really appeal to me the way GX and the original stuff does.

kluch - September 9, 2018, 7:55 pm

Rare hunter series was lit also, but season one will always be GOAT.

Tbh Vrains is getting much better now IMO. I agree though, the beginning made it look childish. I think the show is maturing much more now.

Ømen Xiii - September 10, 2018, 4:28 am

Yeah I watched the original one over again recently but I can't get into all the newer ones.

Xycon - September 10, 2018, 6:34 am

I am lazy and kinda waiting for the English spoken versions. For the rest I have pretty much seen all.

Shaggy - September 10, 2018, 8:22 am

Yeah I watched the First Yugioh and Yugioh GX.

I also play Duel Links and my favorite deck is Elemental Heroes and Cyber Dragons
