Rohac's Runescape 3 Gold Shop

In this shop you can buy Runescape 3 Gold at awesome values. No OSRS gold is sold for now. All the gold is obtained through PvM/Staking/Flipping. Since i do NOT buy any gold my stock won't be as high as a regular shop and for that reason my prices are a bit lower. On this thread you can find how much stock i currently have. I will always try to keep the stock updated!

To complete a trade simply pm me here on the forums. I can go first if you are a trusted member here on HackForums. A middleman can also be used along as you pay for the fees.
