I just got a vouch copy, it contains of 3 parts.

1st part is pretty much a elaborate guide how to grow your account and meaning of the exposure you can get on snapchat and the ways to monetize it.

2nd part is a method that you wouldn't expect anyone doing especially in the eWhoring niche. I did it before with a twist and brought a bit of views.

3rd part is a list of traffic sites. Some on the list i never seen and he put a private traffic source after the list that i pretty sure never saw anyone use.

All in all a great guide for people who are just trying to get some exposure and learn in depth ways how to monetize the snapchat.

(Sep 7, 2018 07:27 AM)? Mr. Burnham ? Wrote: [\[CITE\]](#) I got a review copy and got a folder of 3 guides related to Snapchat.

The 1st one is a mostly theoretical guide that is meant to help whitehat businesses increase their exposure through Snapchat.

The 2nd guide was my favorite. It is a practical guide, on raising your Snapchat followers, that works for every niche. I know it does work because back when I was selling Snapchat accounts I was using a kinda similar (but not as good) method. You can use it to sell products from your own store (if you have one), promote affiliate/CPA offers or just sell the accs after growing them.

The 3rd guide is about adult traffic sites. It is a pretty extensive list of traffic sources.
