Thread: [Scammed & ransomware infected by 3xpl01 uid=2945290 \[WATCH OUT\]](#)

?Ladon Kkc - September 7, 2018, 2:12 pm

On 12-01-2018 i added [3xpl01ts](#) on discord to buy his pubg cheat thread [Here](#)
[SS here](#)

https://image.ibb.co/dtOa9p/Image_Upload.png

The cheat was 100 % running smooth, best i ever had.

Yesterday i contacted him again, to buy his cheat for a second time (again for 120\$). from our first conversation he told me he was dutch, so i translated ss.

When we had 3/3 Confirms he sended me his loader, i have no screen (as he probably deleted that msg)

We never made a contract about the second purchase for the cheat so i can't put this in deal disputes. to be honest i give zero fucks about the money he scammed me
all i just want are my pictures, i had so many from my kids.

I want this LOW life scum getting destroyed like he destroyed all of my files

FryPan - September 7, 2018, 2:14 pm

I'm sorry for dying of laughter at the translations ?

im going to hell

Sabotage. - September 7, 2018, 2:15 pm

I would leave him a negative reputation if I could, but I'm not upgraded.

Really sorry for your loss OP, I know money is probably worth nothing for you, but your kids' pictures are invaluable.

I'm pretty sure the guy who coded that ransomware is a member on here. I wonder if he'd be willing to (or is able to) help you recover the files

NotAFed - September 7, 2018, 2:24 pm

Just a side note "eagle"

Shouldnt people be banned here for what he did?

The avidence is overwhelming? He did that trough offering his service on HF.

Cant u discuss this with omni? People who do this, are not worth their HF accounts.

TBH OP; just file a crime report at the police.

Tell them the evidence, they should only link his ip on HF & Discord and he is f*cked...

His Skype: rattlesnk.
