D?ceived - September 8, 2018, 1:54 am

I am actually t-mobiles CEO. I would advice donating all your money to me ?

Traum - September 8, 2018, 3:11 am

Haha, why do you love T-Mobile so much? Their service is terrible here and the treat their customers like shit. Too bad it's almost the only real service provider here.

Raz Riverblade - September 8, 2018, 3:33 am

What's this whole t-mobile thing I keep hearing about? some sort of American provider or what?

Also, OP probs just wanna SIM-swap.
Don't do it OP.

Yeah, it's the US based part of the German Telekom. In the US they are mostly known as service provider, in Germany they also do a lot more.

I'm in a prison cell with just a Jelly Pro on T-Mobile and its the most important possession I have! If it weren't for NetShare tethering with unlimited hotspot I wouldn't be able to play CoD Warzone all night every night with the fellas! 1.20KD too!

sharn - *October 26, 2024, 2:11 am*

I am pretty happy with T-Mobile.
