Thread: [FREE 0.003 bitcoins! NO deposit](#)

Otyanyaoa4 - September 13, 2018, 3:42 am

Website: [crypto-wins.info](#)

Use code: OUKA902 for get free 0,003 bitcoins, you need to activate this code on this page [crypto-wins.info/profile#promocode_page](#): (In the upper right corner —> Promocode)

For withdraw do not need any deposits!

Instant withdraw!

What is the reason for the site giving me 0.003 bitcoins? This is a lie? This website is absolutely unique and has no analogues. You are not playing against the site, you are playing against players. Website receives a commission of 10% for each game and each withdrawal and 5% from this commission invests in promotional codes.
