Thread: [E-Whore 1 on 1 Mentoring Service - Start Earning Money Today - No money? Refund.](#)

cryptobassboost - September 13, 2018, 7:35 am

Hey guys,

so basically I'm offering the following service to people that can't seem to get started e-whoring:
For a one time fixed price (\$25) I will mentor you in e-whoring until you got at least 1 sale.
After that you will get support whenever you need it so you'll really get the hang of it.
We will do the mentoring through skype/teamviewer/discord or whatever you prefer.
If you're interested, post here or PM me or add my discord: dzonax#0015

A payment proof:

Note: this were all small sessions where I got several payments through different gateways as well.
