Thread: [Bytes for Regular Members](#)

Omniscient - September 14, 2018, 9:41 am

I have enabled Bytes earnings for non-upgraded regular members. They currently earn the same as upgraded members but it's possible we'll alter the script so that there is differential earnings based on usergroup.

Thanks.

this gonna level up forum activity a lot I guess

Nico - September 14, 2018, 9:49 am

Just saw the tweet. This is going to drive a lot of activity honestly. Give them their fun and then split the bytes earned in half or something.

Central Sky - September 14, 2018, 9:52 am

Yeah it will bring more activity, nice Omni ?

Vossen - September 14, 2018, 9:57 am

Didn't even notice they weren't able to earn Bytes before. Sad. Now they can enjoy Blackjack as well, good for them

I am just now getting back into the scene heavily. The Bytes concept is very, very cool.

That's awesome, nice work!

I believe that the rate is still set to 2 bytes per post unless it's specific to root members only? I'm still getting 2 bytes per post.

Wholesome! Thanks for this great update.

Mr Nelly - September 15, 2018, 7:57 am

How many bytes do I get per post? I've noticed that's been the source of my bytes but the numbers don't make 100% sense to me taking into account just my post count.

Prince™ - September 15, 2018, 10:52 am

Yeah it should be altered in way different usergroups earn at different rates.
