Mali - September 14, 2018, 10:06 am

Hey guys. I'm currently taking requests for 10 people. The first 10 people to reply, will receive either a Wallpaper, Signature, or a Logo of their theme choosing. With any name they would like on the artwork. Just toss a reply on the thread, and I'll personally PM you, about the details or we can take it to discord at Mali#3107 . Your artwork will be posted upon the thread once finished. Where you can take the artwork freely.

If you could kindly point to this Rule that I haven't heard of yet. That'd be great. If the rules have been updated I should most definitely take a look.

Hey Mali would you be able to make me a very simple logo - All i pretty much need it to be/say is 'FD' in a jamaican type coloured font, so using the colours red/yellow/green

Also IF possible to add a subwoofer/speaker driver somewhere in the logo - you can be completely imaginative with this as i'm sure you are more creative than me haha

You literally don't need to spend more than 5/10 mins on this - just something quick and cheerful

In regards to size - it needs to fit nicely in an instagram profile picture

Thanks alot :)
