Thread: [Looking for Mentorship for SQLI specific website/forum/server](#)

ic3cub - September 14, 2018, 1:41 pm

As its says on subject description i`m looking for a mentor to teach me how to find vulnerabilities and SQLI specific website/forum/server.

The websites that i`m targeting are not very complex and i`m sure there are a lot of vulnerabilities. Please send me a PM if you are interested. Thank you!

Everything that you need to know is public knowledge. If you want a stranger to invest their time in you be ready to pay.

By the way, "mentiship" is not a word.
