Thread: [Good anime series, 2016 and onwards?](#)

Shone - September 17, 2018, 1:19 am

I haven't kept up with Anime since 2016.

So I was curious, what are some wholesome anime series that were published since 2016?

I don't really care about a specific genre, I'm speaking more about the just plain good anime at the genre it is marked in.

Please suggest me some, thanks!

Yuikoro - September 17, 2018, 1:24 am

Wholesome?

Hinamatsuri hands down

Interesting, just looked it up on MAL.

Thank you for the recommendation!

Try Boku No Hero Academia and Seven Deadly Sins

I vouch for Seven Deadly Sins

Meliodas is bae

Dude like I was about to make the same exact thread lol. I am on the same situation as you

I'm interested on anything good and emotional like Anohana, Shikanowa Kimi no Uso, Angel Beats, etc... I'd be extra grateful

There is some interesting anime that came out this year and some that are currently airing, example

Goblin Slayer

Banana Fish

Steins;Gate Zero
