HF RSS Feeds (without Captcha!)

If you are as oldschool as I am, then you might be using RSS feeds to keep up to date with things around the web.

Then you might have tried to use it for HF? If that is the case you might have failed, since HF has CloudFlare's Site Challenges which will display your RSS reader a captcha to solve. ?

Good news for you! - I solved the captcha! ?

I have solved the captcha issue and wanted to share it with all of you.

I have setup a bot that automatically crawls HF's RSS feeds and cache them for anyone to use.

Feeds

Single Forum Section Feed

Yea, my robot stopped working with the new HF captcha.

So I killed the project, sorry.
