Thread: [Access to my Plex server \[\\$3\] | Save time and money | Watch new releases on any device](#)

.russo - September 18, 2018, 6:34 am

I am selling cheap access to my Plex server, limited spots. Why waste time making your own or spend your own money when you could be on this server for only \$3 per month. Additionally, I'll add any movie or TV of your choice when you purchase. You will have your own Plex account so you won't be sharing details or anything with anyone.

Uptime is about 99.99% excluding when I reboot the server to prevent lag or other overheating issues.

The movies are as follows:

Baby Driver (2017)
Call Me By Your Name (2017)
Deadpool 2 (2018)
Howl's Moving Castle (2004)
I, Tonya (2017)
Kingsman: The Golden Circle (2018)
Lady Bird (2017)
Oceans Eight (2018)
Tag (2018)
Wonder Woman (2017)
Avengers: Infinity War (2018)
Jurassic World: Fallen Kingdom (2018)
A Quiet Place (2018)
Solo: A Star Wars Story (2018)
Mission Impossible: Fallout (2018)
Hitchhikers Guide to the University (2005)
Fantastic Beasts and Where to Find Them (2016)
Fahrenheit 451 (2018)
The First Purge (2018)
Sing Street (2016)
Pretty Woman (1990)
Dirty Dancing (1987)
The Dark Knight (2008)
Masterchef Seasons 1-5, 8

(ever expanding)

If you're interested please start a contract with me or PM me with questions.
