Thread: [unable to edit my thread becuae of Re-captchas](#)

CyberError - September 19, 2018, 12:27 am

hello admins and staff

having this issue from long time now , when ever i try to edit my thread i got repatchas and after recapthas this happen :-

every single time now am tired of doing this capthas but still no sucess , completely lost my patience

ThomasGB - September 19, 2018, 12:31 am

are you including some kind of coding characters ?

yeh like colour coding of HF thats it

Vitani - September 19, 2018, 12:41 am

For now, try to use quick edit. That should solve the issue temporarily.

I'm glad quick edit worked. As for your question, when Omniscient sees this thread I'm sure he'll explain.

Most likely you're getting the captchas because of your location (country).

It could be because you're using your browser in Incognito / Private mode. It happened to me too
