Thread: [\[For All\] Coding for one member a Simple Bot](#)

VulnTutorials - September 20, 2018, 1:19 pm

Hi I will code for one member a simple bot (Acc Creator ,website scraper.....) just post a number below and I will pick one number between 1-1000 in 20 hours. ?

Edit 1: Number 666 Won Messaged you

Gamer - September 20, 2018, 1:23 pm

I develop myself, however, I'd like to check out what you're able to provide.

My number is 566

Lets check it out ?

isu - September 20, 2018, 1:32 pm

255

Let's go with this :)

System[X] - September 20, 2018, 1:36 pm

Why 1-1000 whats up with that ?

If you pick a random number using a generator for fairness and only 20 people pick a number then you might be going all day generating numbers that no one picked.

1-50 should be about right.

Thanks

YourRage - September 20, 2018, 1:38 pm

I pick 999 thanks in advanced OP

SIM-3391627 - September 20, 2018, 2:31 pm

I'll go with the number of 69.. ;)

Realing - September 20, 2018, 3:45 pm

Count me in. I will be choosing number 700.

SIM-3326956 - September 20, 2018, 3:55 pm

I'll choose the number 666.

StealthFTW - September 20, 2018, 4:00 pm

123 is my choice :D good luck to all

The Savior One - September 20, 2018, 5:04 pm

Hello please sign me in

I take numbers 700 and 69
