CyberFib3r - November 11, 2018, 7:06 pm

with my username CyberFib3r I was thinking matrix 3d vibes for the signature. Thank you. :)

???????????Michael Kors - November 11, 2018, 7:15 pm

Hey, can you make me a signature?

It should be my username in a classy style, like a real signature, in italics, and it should have a transparent background. As for the color I prefer black, but I'll leave it up to you.

Thanks a lot!

Crypt - November 11, 2018, 8:30 pm

Think you could make me a signature about selling my signature? haha

Essentially I want something nice looking that says what my signature currently says.
