You can't find anyone this good!

Verus - September 25, 2018, 11:10 am

When he says that "you can't find anyone this good", he is right.

Simaas is the best at what he does, and I recommend working with him.

Neglecting how I haven't really gotten around to being as active on HF as I want to be, Simaas really is the type of person you want to have a good relationship with. He is among one of the best designers you can find, and I personally can't see myself making a deal with any other user but Simaas at this point - he literally impresses me at every direction. Not to mention, but he also seems to be very compromising. I can see a number of times where it must've been a handful to deal with my requests (e.g. risky payment methods, complete different designs, etc), and I appreciate how he continued to honor those requests despite how challenging they might've been.

He was right on time, he was flexible, and my viewers loved the design - so much so that I might've gotten him a couple of customers. Stunning work, man.

Thank you for the good word! Glad that you're happy with the outcome! ?

Looks like you got sauce, I'm waddling around with an idea in my mind, could be in need of your service shortly.

What's your prices? I know every project is different, but I'd like to hear what was paid in general.

Great portfolio, kudos buddy

How much would you charge for a simple gift card generator website for CPA?

Thanks

Got a logo created by Simaas and it was very creative and pretty much exactly what I was looking for. He answered within minutes of me adding him and created the masterpiece in a very short amount of time. Big vouch and will be coming back for other projects!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
