Thread: [\[Selling\] 1 Month + RuneScape Membership Upgrades \\$5/Month](#)

Pebble - September 27, 2018, 12:40 pm

I'm selling 1 month (or longer) membership upgrades for \$5/month. These can be done on new accounts, or existing ones. This absolutely isn't any form of carding, and won't get your account put into negative credit. I will need access to the account(s) that you would like the credit added to, so please make sure you have authenticator enabled, or have any high value items stores away so I cannot be blamed for any losses.

This is nothing to do with Twitch Prime, or RAF, so no bans are even possible.

Taking most Cryptocurrencies, UKBT and PayPal (from trusted members)

I'm happy to go first to reputable members, otherwise less reputable members will need to go first or use a middleman.

I am sure that what you are selling is just fake and another chance to scam people like you have just done with me.

Anybody that may be interesting in buying anything from this guys just be careful.

Do not trade with this user, he is a scammer.

Pretty clear that OP is shady. But 5\$ a month isn't even a good deal...

Bonds are 3.8M currently.
So 7.6M for a month.

If you buy gold at 0.65/M it is equivalent to \$4.94 so it's even cheaper by 6 cents not to do this.

The fact that you haven't already opened one just says you don't actually care.

The fact that you haven't already opened one just says you don't actually care. Unfortunately, I spoke with him and discussed to do the deal, didnt realize that you need to start a contract now. Thats the main reason why I cannot open a Deal Dispute.

I would open one only If we could do it even without a Contract as I have the evidence that he has scammed me and, for what I am seeing, I am not the only one.

Hey man... I bought an admitme.tv account from you but after I paid you put me on the ignore list and I can't pm you now...

Look, before you trying scamming me. I'm willing to share the account with you...

Shit, I'll even pay for the monthly cost to use the site and share it with you. I just wanted access to the site.

No real reason to scam me here. I'm willing to work with you and delete this post but work with me here.

I just want to be able to use the site.
