Hi! This month is a special month for the Xerotic Bot DNA award. It's the baby edition! A very close friend of mine (former roommate) has started a young family with his wife. Right now they have a son that is coming close to turning a year old! So... I thought it would be nice to offer part of the award sale this month to go towards birthday gifts for their son. There are a lot of expenses and obligations when raising a child and as a very close friend (I consider them family) I try to help as much as I can, when I can.

15% of the award sale this month will go towards birthday gifts for the baby!

Looking forward to a great month. Thanks!

Xerotic Bot DNA Award

Hello everybody. My name is Xerotic and I [recently became an Administrator](#) here at Hack Forums. I will be (and have been already!) creating plugins, adding features to the site, and improving site functionality where needed. While I am in this position I will be dedicating my time towards HF full time. In order for this to be possible, however, I must be able to earn money to pay my bills. As part of a plan to allow me to dedicate the time I will be (and have been) dedicating to HF, Omniscient has allowed me to grant the [Xerotic Bot DNA](#) award once per month with the understanding that it will be sold or auctioned each month (or granted for free/not granted at all). This will allow me to afford my rent/bills so that I can continue to pump out code and bring some amazing features to HF. Features that have been talked about for years are going to be coming to HF swiftly, but only as long as I am able to afford to dedicate all of my time towards the site.

Award

The Xerotic Bot DNA award is very rare. It has only been granted five times! The award will only be granted once per month and it will either be sold, auctioned, or given away. It is designed to support me so that I can support Hack Forums.

I would like to thank [Novica](#) for creating the award image.

Considering he said former roommate, I can safely say that it is not Steve.
