Description

Hey,

So he contacted me asking If I have any leftover Amazon gift cards, I told him I got 2x 50€ and 1x43€ agc.de. We then started trading with the 43€ gift card. Everything went fine, I got my BTC and he got his Amazon card. We then traded the 2x50€ card, I sent him the codes and he asked me If I can wait a second. 15 minutes later he told me he's waiting for a reply. About 2 hours later I messaged him again asking for an update. He told me he had to pick up a family member and told me the bitcoin has been sent. But I've never received any bitcoins. I've told him to tell me what's going on but haven't gotten a reply from him yet even tho he's online on skype. I have found some other scam reports against him and I'm sure he's a scammer. He has already scammed multiple users on here but somehow isn't banned.(???)

Proof

<https://prnt.sc/l041qy> (asking if I have any leftover agc's)

<https://prnt.sc/l04286> (first trade completed, started 2nd contract)

<https://prnt.sc/l042l5> (started ignoring me after I sent him the 100€ agc)

<https://prnt.sc/kzxc5a> (first payment havent received anything after that)

Contract Dispute: https://hackforums.net/contracts.php?action=view_dispute&cdid=214

Just ban this pathetic piece of shit. He has already scammed multiple people on here. His last excuse was that his account has been hacked. Would be pretty obvious if it happened again right now. I got his real name + pictures + facebook profile + family member's names + emails + facebook accounts if anyone who's been scammed by him as well is interested.

best regards

I guess his ewhoring and other little businesses are not going well to keep scamming. Such an entrepreneur.

Sorry to hear that you got scammed mate.

Humpstead - September 29, 2018, 8:19 am

if you just look his profile page up you will see that he is a popular scammer..

Do not understand why people do deals with people like this.

I mean.....

That would be a red flag for me right away.

L33t here doesn't work for me.

Quote:Sorry, but you must be either an r00t or an 3P1C upgraded member to view our Trust Scan page.

Been upgraded for so long, I frankly dont remember what each user group does, I just know I dont have Mentor, Mod or Staff rights at this point. Thats a hopeless pipe dream for me. rofl.

PerfectStorm - September 29, 2018, 1:48 pm

he's awaiting for a reply to what?

You're suppose to find out if he has any reports before dealing, not after!

Epic and ub3r has that feature I believe. But not l33t. Found it pretty weird, not sure why.

Obviously r00t does also now.

BloodCyka - September 29, 2018, 2:27 pm

you need to also do contracts everytime you deal on hf to get the scam protection the forum provides.

BAMBUS1 - October 1, 2018, 8:36 am

Teestoviron - October 1, 2018, 10:15 am

Scammend me on a vcw that he wanted to resell from camgsg which is forbidden

BAMBUS1 - October 1, 2018, 10:58 am

Why is no one doing anything about that? He isn't even responding to the dispute. I have enough proof for getting him banned and he already scammed so many people who have proof as well.

Pyro - October 1, 2018, 6:28 pm

just be patient, some of the staff will deal with this

Omniscient - October 3, 2018, 10:43 am

You mention he has multiple Contract disputes. I just see one from you. Also, your Contract didn't have a BTC address in it. Makes it harder to prove if funds were sent or not.

Just read through this thread and his other dispute thread there are a lot of people claiming that they've been scammed by him as well.
