Meedman - September 30, 2018, 5:06 am

Hello !

I have a copy of Parasite HTTP.
I don't need it anymore.

It is the latest version and is highly stable.

It will come with:

- 2 registred domain
- Stub size is 90kb
- All plugins

The price of Parasite HTTP is normally \$500.
It also includes a few computers that are left on my domain.

I am open too all offers, but don't come to me with something stupid.
Or directly open contract and if is not a low price I'll proceed to it !

Contact me:
PM Only

Proof I am allowed to sell it:
