Thread: [PARAZORAS FIFA SHOP - CHEAP FIFA 19 COINS- STOCK 11.5M](#)

PARAZORA - *October 5, 2018, 12:31 pm*

KICK OFF FUT 19 RIGHT!

Don't waste anymore money on FP!

Decided to start a shop. Don't know if a lot people play FIFA here. I will make a website if there are a lot of people that buys.

Can source as many coins as you need. My ways of transferring coins is bulletproof and you will not get banned!

Current Prices:

PS4 100K: 10\$

PS4 100K COMFORT TRADE: 20\$

STOCK: 11.5 M +

I can also make you a custom account with as many coins as you want, this will of course be more expensive.

NOTICE

- The transaction fee of 5 % of EA has to be borne by you.
- Send me POF for Proof of coins, don't waste my time.
- Do NOT waste your time asking for vouch copies, this is FIFA coins, not a shitty eBook.
- Payment trough BTC, ETH or Paypal.
- I will happily answer any questions you would have ?
