do you do animated work? (Gifs)

whted - October 7, 2018, 11:53 am

I mainly focus more on still graphics using adobe photoshop and illustrator but i can have a go what you want. I can do basic gifs on photoshop.

looking for anything that says Lucky in it you can use your imagination preferably with like a pink and white color scheme, doesnt really even have to be animated

Are you still doing this?

PM your discord.

Ren And Stimpy - October 10, 2018, 5:47 pm

Wanna make me a signature that matches my thread?
