I mean let's be honest Russia is a censorship shit hole where people die randomly. Unless you're Alby, you won't like it.

Yeh - Connor has gotten a big mouth over the last year or so. He needs to shut up a bit now.

Such great moments, especially when Conor was laying down on his back getting punched. Enjoyable actually ?

Sure it is his image to be a guy like that, but he is still way to much. He talks way to much even though its part of his image.

(I believe his image was built upon already existing features). Which means that he is that kind of a guy, (but perhaps not as much/often).

Now I cannot confirm this but I did hear he had been talking to Khabib and wanting to meet up and fight (street).

He told Khabib to bring a friend, or something like that? And Conor the talker brought a whole group of people, 20-30?

Not sure how accurate this is. But I like a point being made by Khabib after the game.

Conor and his buddies (as a whole group) went after (Khabib? + a friend of him?) - Or was it only a friend of Khabib, or two friends?

Either way.. Conor had to have a whole group of people to "have the guts" to do it.

What does Khabib do? He jumps into the goddamn Conor team ALONE and starts swinging.

Rightfully so if some of the rumors I heard are true? I can't stand Conor, a clown. But surely a good MMA fighter.

so cringe i hate when someone says that shit. just cause one of a million people from your country wins a fight, doesn't mean everyone else in it is automatically a fighter.

also, it's just trash talk to boost ppv sales.
