Damn, so you are selling this method for 1btc / 8-9k\$ ?

Good luck with sales, however I would be very surprised if anyone paid that much here.

This is not a just method read be careful 'Tools+Method' also price is not overpriced for HQ bots (especially mobile for mobile one's) even you try to buy same quality bots you should pay more than this.

Can i give u like 45\$ for basic spreading method

**zelus** - July 2, 2020, 2:01 pm

The price though is very high for a method

Does it include both method, botnet and hosting?

Or just the method?

Hi,

I provide all the expensive services and tools (auto spreader, hosting, private botnet etc.) required.

I do not charge this fee for only method the price I ask appropriate for the programs and tools that as a result of this people who buy these methods and tools may compete with me.

You can check my sale thread from here:

<https://hackforums.net/showthread.php?tid=5882764>
