Thread: [Private HQ GEO-Targeted Spreading Method!](#)

micaiahx - October 9, 2018, 10:25 am

Hi,

I have private spreading method i am using this method for selling bots and mining (here is my bot-sale thread: <https://hackforums.net/showthread.php?tid=5882764>) all traffics came from Google and Facebook no need Exploit KIT or RIGs totally unique and qualified bots.

Method cannot be fixed (I think never can be fixed! but I will guaranteed you can get unique installs with this method min. 3 years)

If method fixed before 12 month i will guaranteed fully refund and if you cant make a any bucks i can show you way about how to making money so method worthy to price!

Price:

\$3,000 For Google

\$2,000 For Facebook

Total Investment budget:

\$250

If you think to buy all methods

I can give lil bit discount %20

You can get daily stable min. 200-250 High Quality Bots (Also you can make a spesific targets like a cryptocurrencies users etc.) method is not known too much its private!

You can get installs for PC and Mobile Phones as you wish.

Note: (I dont sell doc, torrent or video hits etc. known method)

If method brillant so why i am selling?

After my Hidden Teamviewer (VNC) project i start Android botnet project so i fund my new project with my sales.

Payment:

BTC

Terms Of Services:

I dont refund for any reason excerpt method fixed 12 months before!

Regards

No cuz after you learn method you can dispute to escrow person I just provide only 1 guaranteed if method fixed 12 month before I will give full refund so other way you can open deal dispute with your proofs.

I still selling bots with a same method you can check my another sale threads.

NYANxCAT - October 12, 2018, 6:19 am

Good luck in sales but why you post this on Cryptography section?
