My personal acc,
No bans,
VAC Clean,
You get proof of purchase,
Only CSGO on acc.

PM me to get screenshots of account.

Payment: 30\$ BTC ONLY

HMU if you are interested. Make your offers aswell.

You're looking for \$30 for what exactly? I can get this kind of account - some wins, some hours, more then private rank 2, no rank for \$4 and not cracked.

It still not worth it.

I know the prices of CSGO accs, yours is too high.

Yep, I didnt bot nor hack. I used it as main acc, had global elite rank, probably if you win one game

you would get LEM or supreme. I just dont play the game anymore competitively.
