Kumara - October 20, 2018, 3:38 pm

Just purchased 1 year.

Can't wait to use this hosting service.

Thank you.

NoSuchAgency - October 20, 2018, 7:22 pm

Purchased a month to develop on while I wait for my server, we'll see how this goes :)

Already unhappy with my order. They don't do instant order processing, and now my invoice is saying unpaid even after 3 confirms. FFS

Yeah, hahaha.

The hosting is extremely fast and DDoS protected.

Huge vouch for this guy.
