He is once again not responding and refuses to answer any messages I send him so I will be lucky to find out I wasn't scammed

MadGoofy - October 19, 2018, 12:19 am

Well, we probably got scammed. I wait few hours more, then I'll report him as a scammer.

NERO - October 20, 2018, 9:38 am

I paid for this 3 days ago, After asking him to teach me he told me that he had been tripping on acid for 2 days, Still not got round to it, I added him on skype asking if i paid would he be able to teach me straight away to see if he was scamming, He said yes, I told him to call me as i have already paid, Revealed who i was and he said give me 20 minutes, He then continued to ignore me. The guy is a scammer. I have asked him for a refund he has yet to provide.
