Oh jesus.. it felt like not even that long ago these things couldn't even hold their own center of gravity

Who Soup - October 11, 2018, 12:58 pm

that's pretty sick, looks like it almost messed up going up the stairs though

rxzn - October 11, 2018, 12:59 pm

lool crazy. ez with one single raspberry pi

Gt403cyl - October 11, 2018, 1:22 pm

BD has been doing this kind of thing for a long time, pretty awesome none the less.

Almonds - October 11, 2018, 1:57 pm

This robot has come a long way, actually.

No telling what we'll see in our life time.

Shad0wM - October 11, 2018, 2:16 pm

Damn i am jealous, i want to be a robot too.

Omniscient - October 11, 2018, 4:11 pm

Wow, that looked pretty impressive imho. Who thinks that future ground troops are going to be bots? We already use drones for air, next is ground. Imagine giving one of these thing a gun?

Tfw a robot is more agile than you

Kotsya - October 11, 2018, 5:15 pm

I dont know why but that made me fucking laugh
