I'M BACK IN BUSSINESS, TAKING ORDERS!

PM if you're interested or post here.

Only crypto for now

See my profile for old threads and contracts for vouches

You have to bring me your login details in order to load the vbucks.

Neon Hitch - October 11, 2018, 6:05 pm

Hey man Pm when you get a chance!

CheGuevara? - October 11, 2018, 8:29 pm

Hey, would one be available for a vouch copy? Win-win situation I guess. (I don't play Fortnite but I know people who do, they would be happy).

And I'd be happy to leave a review/vouch. Let me know what you think! And good luck!

elterco - October 11, 2018, 8:39 pm

Thanks, che! But I can't vouch since it's real money what I'm using here.

I've already sold 2 13500. I hope I get reviewed soon

I can load the vbucks on PC. You should see the vbucks on PC/xbox/android but not on ps4.

If you want to use in ps4, you'll have to buy skins from pc/xbox/android. Then, you'll have the skin on PS4 but NOT the vbucks.

If you can't login on PC, I can buy the skin you want after loading the vbucks.

EDIT: Smooth transaction with @justnicemedia !

Thanks!

I'll be back in 4~5 hours for instant deposit.

Drop me a pm or post if you want vbucks!

I don't understand when you said "as long as my epic acc is logged in". You have to disconnect from all devices, give me the details and then, I log and buy.

You can spend the vbucks in iOS and then, use the skins in ps4. You'll not see ps4 vbucks, only skins are crossplatforms

Cheers for the clover! It's my second thread with a clover winner so I must give good luck! xD

Does Epic Games allow you to unlink Ps4 accounts now? They couldn't for me about two weeks ago. Is that what you mean by "disconnecting from all devices?"

Either way, if I'm able to buy the vbucks on mobile and just switch to mobile and buy skins for my ps4 everytime they come out, I'm ready to purchase.
