Thread: [Weekly Bonus Bytes 4 Posts](#)

Omniscient - October 12, 2018, 10:44 am

We have implemented a new feature that awards members for making 100 posts within a 1 week period. The task runs on Monday at about 9am PST. Members who make 100 posts will earn 100 bonus Bytes.

Exempt forums include the Lounge, all group forums, and the Junk. This bonus is for all members.

The first bonus will be done this Monday. Any questions?

Enjoy and thanks.

Does this mean if I make 100 posts every week I would get 100 bonus Bytes every week or is this an one time event?

I guess every week. The amount of shitposting is going to skyrocket.

At least the lounge is exempt. This should bring some more activity to the other subforums.

I don't think it will be that bad. Crap can get reported and it's not the Lounge. Plus it's 100 posts over a week, that's about 15 posts per day. Not an unreasonable amount.

BTB™ - October 12, 2018, 11:08 am

Nice one.

This will definitely increase forum activity..

Cheers.

Elitas - October 12, 2018, 11:22 am

You know what - I'll do it.

I don't really care about bytes but love the challenge.

Could you please though make a page which counts this, as it would be really helpful. Even just an informative page which shows total number of posts over the past week would assist in encouraging members to post more.

No, we won't do that. I don't think it's necessary.

Come on over to the Cryptocurrency boards everyone, particularly the Coin Speak. :)

Would love to see some more discussions there!

I can confirm this is reasonable. There was a point in time I was definitely exceeding this amount with ease by providing tech support to people here. It's not easy, but I think that's the point.

Good luck to all those who are going for it.

Originalkillit - October 12, 2018, 12:35 pm

Most post come from Lounge section

Now I am interested to know who is the first one to get this bonus

Spoiler ([Click to View](#))

I am sure that guy will turn other sections into LOUNGE ?

Flamingo - October 12, 2018, 12:45 pm

Good to see that it's for all members and not just upgraded members.

Also 100 posts per week, very reasonable amount.

I'll take you up on that, need to pick up my activity in researching and analyzing again, and the best seasons are up ahead.

OnTopic : Think it's boost for other subcategories to gain activity, so all good.

SIM-403479 - October 13, 2018, 1:40 am

This is actually a very easy task.

Thanks Omni for the bytes incoming.

JTMBoss - October 13, 2018, 4:25 pm

WageWolf - October 13, 2018, 5:06 pm

One side note, will threads count, or just replies? :)

Whiz_ - October 13, 2018, 5:37 pm

I like the fact that you decided to keep Lounge away from this, smart move ?

Will like to see the activity upsurge at Hackforums.

WageWolf - October 14, 2018, 8:17 am

Making some really good progress here. At around 77 of the 100 required posts. Cannot wait to hit the reward criteria! ?

They are not sellers, if it is free. Kappa.

WageWolf - October 16, 2018, 10:18 am

Any update on this, Omni? I do not think I have received my bytes for this bonus.

Omniscient - October 30, 2018, 12:15 pm

Bumping this because maybe some of you forgot about it.

Still a nice feature.

ven0m - October 30, 2018, 7:25 pm

There goes my plan to spam in the Lounge. Great initiative, Omniscient.

Nate - October 30, 2018, 7:54 pm

Good cool feature, I think i just get about 100 posts a week maybe less, but it will make me want to be more active.

Yin Yang - October 31, 2018, 7:24 am

Is there a tracker of some sort that we can check how far along we are?

No, and Omni said he wouldn't implement such a feature.

Neodraxis - November 2, 2018, 1:11 pm

Well, guess I will need to start being a little more active again.

Rayner - November 3, 2018, 5:53 pm

Good idea to move activity to other subforums as well.

Athr - November 3, 2018, 6:35 pm

Looking forward to getting that 100 bytes.

Nate - November 4, 2018, 1:11 am

Not sure if this question has been asked, but is there a way where we can track this data

I see in my post activity my total posts in all forums throughout my whole time on Hack forums, but it'd be cool to something to track to see if your even close to it.

Anyone who earned the bonus this past week might have noticed a lower bonus than expected. The issue was fixed and will be reflected in the next week's bonuses.

I only received 10.

Is there a reason for this ??

This is a great idea to make more subforums useful.

POLY MATH - November 6, 2018, 9:58 am

This is actually a great idea. Let's start adding some more value to Bytes now.

Doc- - November 6, 2018, 10:16 am

Interesting concept. Hopefully this won't negatively impact the quality of posts.

WageWolf - November 6, 2018, 1:02 pm

Looks like it is fixed, then?

Might have to try for this now!
