Theocritus - November 11, 2018, 4:17 am

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\[500\\$/WEEK\] PRIVATE | LEGAL | GUARANTEED EARNINGS | 100% SUCCESS or REFUND](#) by "Jamieeee"

This eBook consists of 1 main method and 6 pages.

The style and grammar of this eBook is quite solid overall, and I saw minimal errors throughout.

Without talking around the bush too much, this method is based on reselling, to a certain extent anyway. This method will teach you how to obtain any number of products which you can then in turn keep, resell or what else. This method will not require you to invest anything to start, though that is optional as you can also invest some if you so wish.

This method is set to work in most countries, and if you are at the very least in north America or Europe you should have no issues making some money with this. This is not a method that requires you to hoard items at home or anything like it if you do not want to do so. The eBook covers multiple avenues of approach you can take to make your money. Some of these will require a very small investment but you can also get by without investing anything at all. The eBook also covers how you can make money without ever having any products in your possession as well, meaning you are very free to choose what approach you prefer.

There are multiple screenshots and links in this eBook that help you understand the process and

method faster and better overall. Though the screenshots could use an improvement they add more by being there than not at all. The links are also of course a very welcome touch, so you know where to go etc.

When it comes to this method, as said, at its core It is a reselling method. Where you make your money is up to you, as there are many, many places out there you could use. Of course, many of you will probably end up using eBay but you are not limited to that site at the very least.

I would also like to commend the step by step layout in this eBook as it does look very clean and makes it much easier to understand than it would have been otherwise.

After you have made your initial funds by either a small investment or nothing at all, the eBook also has an update included on how you can further scale and grow your income with these newly acquired funds.

I do like the added touches in this eBook where OP states some simple ways you can really scale this and make a good amount of cash a month. If done correctly, this can earn you \$1000s a month. But as stated in the eBook as well, that all depends on your own time and energy invested. When it comes to making money with this, I believe you can have your first income within 6-48 hours depending on how fast you start.

The price point of this eBook is not horrible for the value you receive, but it is not amazing either in my opinion. I think the pricing is decently fair, and you should be able to make your money back with it without too much hassle. OP also has a mastermind group for this eBook which I am sure will also give you some extra added value.

Final Thoughts

When it comes to buy or not to buy this product, I am overall positive towards it. The method included here is not revolutionary or anything of the sort, but still a method that is not really sold on here much as of yet, and a method I think that the majority of you do not yet know. If you do a little work, I am sure you will be able to cover the cost of this eBook in no lengthy amount of time. I also know OP fairly well and believe he will provide good, HQ support and updates to this product in the future as well.

If you are looking for a method with no required start-up cost except time, and with very decent scaling potential then this is not a bad place to start.

Hi jamieeee ? I'm very surprised by all these guarantors so I'd like to know more about your method too, all this intrigues me, I think it's no problem for you to answer me directly from the chat so that everyone can know more about your method thanks (I don't have the possibility of a private message yet).

Jamiee please check your thread [\$200+/DAY] PRIVATE MONEY MAKING METHOD | EARN OR 100% REFUND | GUARANTEED EARNINGS

as it seems my update post are not being posted as new post and you are probably not seeing them.

Purchased the product and download link does not work
