Thread: [Anime of Fall 2018](#)

Flamingo - *October 13, 2018, 2:38 am*

This is based on my picks of anime that are worth watching and recommendations that are coming out this fall, 2018. These are animes that I will be watching, that looks promising, again, based on my opinion.

New animes:

These are animes that do not have any previous season.

That Time I Got Reincarnated as a Slime [\(Click to View\)](#)

Lonely thirty-seven-year-old Satoru Mikami is stuck in a dead-end job, unhappy with his mundane life, but after dying at the hands of a robber, he awakens to a fresh start in a fantasy realm...as a slime monster! As he acclimates to his goopy new existence, his exploits with the other monsters set off a chain of events that will change his new world forever!

Goblin Slayer [\(Click to View\)](#)

A young priestess has formed her first adventuring party, but almost immediately they find themselves in distress. It's the Goblin Slayer who comes to their rescue--a man who's dedicated his life to the extermination of all goblins, by any means necessary. And when rumors of his feats begin to circulate, there's no telling who might come calling next...

IRODUKU: The World in Colors [\(Click to View\)](#)

In Nagasaki, a descendant of mages, 17-year-old Hitomi lost her sense of color at a young age and grew up lacking emotion. Her grandmother Kohaku, a great mage, sends Hitomi to the past, to the year 2018. There, she spends time with a 17-year-old Kohaku and friends from club activities.

Radiant [\(Click to View\)](#)

The story follows Seth, a boy who seeks to become a great magician, and a group of witches who seek to travel to the Radiant. Radiant is a mythical land that spawns monsters called "Nemesis" which fall to the world from the sky. While traveling, they are also hunted by The Inquisition.

Ulysses: Jeanne d'Arc and the Alchemist Knight ([Click to View](#))

The novel series' story takes place in 15th-century France, during the Hundred Years' War with England. Montmorency, the son of a noble, immerses himself in the study of magic and alchemy at a school for knights. However, after France's defeat at Agincourt, the school is disbanded and Montmorency is forced to flee. While on the run he meets a miraculous village girl named Jeanne.

New seasons:

These are animes that do have a prequel / previous season.

Tokyo Ghoul:re 2 ([Click to View](#))

No synopsis yet.

This is the second season of the :re series, which is coming out not too long after it's first season of Tokyo Ghoul:re, which is very promising. It will be continuing the story of the first season of the :re series, and here is the synopsis for that:

Two years have passed since the CCG's raid on Anteiku. Although the atmosphere in Tokyo has changed drastically due to the increased influence of the CCG, ghouls continue to pose a problem as they have begun taking caution, especially the terrorist organization Aogiri Tree, who acknowledge the CCG's growing threat to their existence. The creation of a special team, known as the Quinx Squad, may provide the CCG with the push they need to exterminate Tokyo's unwanted residents. As humans who have undergone surgery in order to make use of the special abilities of ghouls, they participate in operations to eradicate the dangerous creatures. The leader of this group, Haise Sasaki, is a half-ghoul, half-human who has been trained by famed special class investigator, Kishou Arima. However, there's more to this young man than meets the eye, as unknown memories claw at his mind, slowly reminding him of the person he used to be.

A Certain Magical Index III ([Click to View](#))

No synopsis yet.

But one thing to note.. This is coming out 8 years, after it's previous season, so it might be worth rewatching first seasons of this, to keep up with the story properly.

Sword Art Online: Alicization [\(Click to View\)](#)

“Underworld” ... the world that could outstrip even “SAO.”

Residents are NPCs who are just like humans.

Kirito wanders into and gets lost in “Underground.”

He and his new friends struggle to escape as they unravel the secrets of this new virtual world....

Fairy Tail (2018) [\(Click to View\)](#)

No synopsis yet.

I'm a huge fan of Fairy Tail and glad to see it finally returning, however, this will be the last season of Fairy Tail, which does make me a little sad, however, I do have hopes for this one, and I'm expecting that it'll be good.

O and keep in mind this is based on my opinion, there are other ones out there that I'll probably watch, but so far, these are the main ones I'll focus on first before giving any other animes a try.

List of other potential animes I might watch [\(Click to View\)](#)

ZOMBIE LAND SAGA

Hinomaru Sumo

Ms. vampire who lives in my neighborhood.

DOUBLE DECKER! Doug & Kirill

Merc StoriA: The Apathetic Boy and the Girl in a Bottle

Rascal Does Not Dream of Bunny Girl Senpai

Brief disclaimer:

Now, to those of you that may bring this up, yes I know Jojo's is coming out and already has two episodes out, yes I know it is not on my list, and, the reason for that is I have not yet seen the previous seasons, I am currently watching it from the beginning, a few episodes in, but I have not yet made it far enough to judge whether or not I'll give the new season a try yet, I'm sorry for this, please no hate, thanks. ?

This thread is very open to debate, would love to hear any opinions on this, stuff you'd recommend and stuff that you'd watch, do you agree or disagree with my list?

The Doge of Wall Street - October 13, 2018, 12:22 pm

Goblin slayer is disturbing but good imo

Why not jojo golden wind on the list? JOJO is one of the best anime only the first season was bad imo but after that its only gets better and better

Yeah Goblin Slayer looks like it's gonna be very brutal but I love that, I do enjoy the brutal and bloody gore over cute high school romance, not a lot of animes do this, like Tokyo Ghoul season 1, heavily brutal, I loved that. Some compared it a bit to Claymore in brutality, which was also a very good one, but quite old now.

And damn man, I know, that's why I put the disclaimer at the bottom regarding Jojo, I started on the first season, but I'm not caught up yet, a lot of people have told me to watch it, but haven't yet, so now that a new season is coming, I've started on the first season, I know I bring shame to all anime watchers..

I haven't read the novel, but if it goes in the right direction, it could certainly be high up there on the list.

Yeah heard a lot about it, so figures it's gonna be good, especially now with another season coming out, people are hyped as fuck.

Yeah uncertain about Zombie Land Saga, it's under my maybe list for now, stuff that I'll watch if I finish everything else too quickly and gotta wait like 4 days for new episodes. Do you think Zombie Land Saga is worth it though?

Yeah I got hopes for Tokyo Ghoul too. Seen the episode that came out too early and looks like Kaneki is gonna save the season a bit.

It says 177, but there's a lot of OVA episodes I haven't added, and a lot of random ones I've seen that I forgot to add years ago before I even knew of anilist.

I went into Zombieland Saga thinking it was gonna be just some moe trash. I wasn't completely wrong, but man the first two episodes got me laughing pretty good

MrApeSavage - October 14, 2018, 2:39 am

Oh boi. Fairy Tail Season 3. and why are they making another season for sao? I thought it died by this point. What i really hope for is berserk 2018. Sure the cgi is trash but i got used to it.

Well the previous season of SAO wasn't even related to SAO really, kinda odd but it was quite good actually.

This season should be back on track for the actual story, so far it seems kinda interesting.

The main reason I use it is to know when new animes come out, as well as allowing me to keep track of how far into a show I am, sometimes if I get busy I may miss out on a few weeks, and by then I'll forget what episode I'm currently on.

Btw I didn't read the manga of Tokyo Ghoul. But I spoiled myself by reading Mutsuki's wiki after Tokyo Ghoul : Re season 1.

Her hair isn't white in season 2 : re. While I guess the anime is going to be as usual , which is rushed etc.

God damn it , I wana see her necrophilia. That shit hot as fuck man. Hell I would let her bang me and stab me lmao.

Well I havent watched the latest season , gona wait till it airs all episodes and binge watch it probably around Feb 2019.

It does feel rushed, agreed on that, but I can't help but love it either way.

Wasn't Mutsuki's hair green? Haven't read the manga, I usually watch first and then read, often disappointed if I read and then watch after.

Most of the animes I watch come out Friday - Monday, leaving Tuesday - Thursday without anything to watch, so..

Well I read her wiki which contains manga spoilers. She undergo the same changes as Kaneki.

So yeah. I don't know if the latest season has her arc but probably not. Good luck man!
