FastFlux VPN Technology | IP Rotation | Randomyzer | 100% No LOG |\$25/m

Our Services Based on OpenVPN Protocol.

3 Vouch copy.

How it works?

Your IP will be rotated/randomize every 10 seconds over 4000+ Worldwides IP Mixed.
Simple and easy to use.

Featured.

1.Highly secure browsing, encrypted & anonymous.

2.100% No LOG! No Debugging! our VPN using UDP protocol which is tunneling system.
so there is no IP record which connected in vpnserver.

3.We don't give a shit wht you do, we respect your privacy.

Price

\$25/monthly

Policy.

DDOS not allowed.

FAQ.

Q:What do i get after i buy?

A: You'll get vpn Login & Password.

Q: Which OpenVPN client do you recommend?

A: If possible, an official OpenVPN 2.4 client.

Windows: The official OpenVPN [community client](#).

Linux: The openvpn package from your distribution. There is an [official APT repository](#) for Debian/Ubuntu based distributions.

macOS: [Tunnelblick](#).

Android: OpenVPN for [Android](#).

iOS: [The official OpenVPN Connect client.](#)

Hi,

I'm looking for things like that, can I be your first vouch.

Thanks ?

Hi, sure! add me my jabber. k719@jabber.cz

Exodus - *October 14, 2018, 8:31 am*

I'd be happy to take a vouch copy off your hands.

YoungMoloch - *October 14, 2018, 12:23 pm*

Can you pm me, because I can not contact you on jabber.

Thanks

Shamblez - *October 14, 2018, 1:02 pm*

If your doing vouches, I would be happy to try this.
